

Church Hall Review Committee Report

The Church Hall Review Committee was setup by the PCC to review the whole aspects of the church hall-usage, charges, impact, viability, maintenance costs, conditions of use, accessibility and benefits to congregation members, etc.

The group consists of myself as the chair and the two churchwardens, including Beverly Sobers, Grace Kareem, Florence Lenting, Vivian Okon, Marion Wallace, Fabian Sobers and Bea Pearson our two young voices of the congregation.

We met informally in February 2018 to explore some of the key issues including drafting of our work programme, however, the whole process has stalled due to lack of availability of baseline information, associated income and expenditure to start our work with. This was also partly due to the current the absent of the PCC treasurer who had to travel out of the country due to family bereavement.

The committee will reconvene in due course and we to be able to make some recommendations to the PCC for consideration and vis-a-vis implementation once our work are complete.

If anyone has some suggestions to make, please do not hesitate to contact me.

Sunny Lambe
Chair, Church Hall Review Committee
